

I Am Greene County

Hometown: Springfield.

Pets: Nokki, Australian Cattle-dog.

Education: I went to High School at Hillcrest, recieved my bachelor's in policial science and my master's in public administration from MSU. I'm in the process of getting my master's in Geographic Information Systems from NW Missouri State.

Who is someone you consider a role model for you: My dad. He has always made sure to take care of our family even when it required self-sacrifice. I hope my daughters think that about me someday.

Family: My wife Heather, our daughters Lexi and Raylee and our unborn child.

Favorite place to eat out at: Café Cusco.

What is an event you look forward to every year: Summer vacation. I take my wife, daughters and dog down to Cape San Blas in Florida every year. We rent the same house and spend two weeks spending time together and eating delicious food.

Favorite time of year: Fall, when the weather is crisp and the leaves have started changing.

What do you enjoy most about your job: The opportunity to examine day-to-day operations and facilitate the types of improvements that reduce resource expenditures and increase output. This organization encourages employees to make process improvements. For me, this has meant that my job is always changing and that I'm always learning.

Hobbies and interests: I enjoy reading science fiction or action novels, learning about my fields of study, and having a good conversation.
